

"WHEEL FREEDOM!"

SCOOTER HIRE FROM £49 / MONTH!

Lack of transport is a major barrier to people living in rural areas accessing education, training and employment opportunities.

Difficulties with transport prevent people from participating in learning or restrict their choices. Transport is an integral part of the drive to increase participation and achievement in education and ultimately, employment. Even if people do find work, transport problems can still restrict the range of job opportunities available.

Southwater Community Partnership's **"Wheel Freedom"** scheme offers an innovative way to overcome transport and accessibility barriers. It offers individuals their own transport solution in the form of moped loan for a short period until a longer term solution can be achieved.

"Wheel Freedom" is about more than simply providing transport. It is an enabler, encouraging and helping young people to make choices about their future, improve their employability and skills base as well as enhancing an individual's independence, confidence and self-esteem.

For further information, or to be considered for participation in the scheme as a subscriber or a supplier (insurance, servicing and accessories), please email info@southwatercp.org.uk

Thank you
